	☐	AS, QS or AB	Seller's Affidavit of Non-Foreign Status, Qualified Substitute, or Buyer's Affidavit	<ul style="list-style-type: none"> Most transactions comply with FIRPTA through provision of a QS ("Qualified Substitute"). See C.A.R. Q&A Article, "Federal Withholding: Foreign Investment in Real Property Tax Act" at: https://www.car.org/en/riskmanagement/qa/taxfolder/federal-withhold-foreign-invest FIRPTA allows other means to obtain an exemption. However, the use of the AS, QS or AB forms is the least burdensome and is within industry practice. If no exemption is obtained, then the buyer may be required to withhold. See Cal. Rev. & Tax Code § 18662, 18668; 26 U.S.C. §1445; and C.A.R. IF ... THEN add ...		C.A.R. Form Code or Document Name	Disclosure	ADDITIONAL INFORMATION
If seller is EXEMPT from TDS, THEN ADD ...	<input type="checkbox"/> <input type="checkbox"/>	ESD + WHS (these replace the TDS + SPQ)	Exempt Seller Disclosure and Water Heater Statement of Compliance	<ul style="list-style-type: none"> For TDS exempt transactions, neither the TDS nor the SPQ is required to be delivered. Instead, the seller will provide the Exempt Seller Disclosure (Form ESD). Even if the transaction is TDS exempt, the seller may still be required to certify water heater bracing depending upon the type of water heater. Seller may use the WHS or the WHSD for this certification. For exemptions, see C.A.R. "Transfer Disclosure Statement Law – Exemptions" Quick Guide at https://www.car.org/-/media/CAR/Documents/Transaction-Center/PDF/QUICK-GUIDES/Quick-Guide---TransferDisclosure-Statement-Law-Exemptions-121818.pdf Cal. Civ. Code § 1102, et seq; C.A.R. Q&A Article "Transfer Disclosure Statement Law" at: https://www.car.org/en/riskmanagement/qa/disclosure-folder/transfer-disclosure-statement ; and C.A.R. Q&A article "Transfer Disclosure Statement Exemptions" at: https://www.car.org/en/riskmanagement/qa/disclosure-folder/tds-exemptions
If the property is located in a High or Very High Fire Hazard Severity Zone And only if A TDS is required, THEN ADD	<input type="checkbox"/> <input type="checkbox"/>	FHDS + if actually obtained by seller, the "Final Inspection Report" for instruction or rebuilding (The FHDS form replaces the HHDA)	Fire Hardening and Defensible Space Advisory, Disclosure, and Addendum (This form replaces the Home Hardening Disclosure and Advisory)	<ul style="list-style-type: none"> This disclosure form fulfills three separate disclosure requirements. First: The first is the fire home hardening questionnaire. For this requirement, the seller must answer questions based on actual knowledge of fire home hardening features that the property lacks. But the seller is only required to complete the questionnaire under item #3 if the property is built before 2010 and located in a High or Very High Fire Hazard Severity Zone, and then only in those transactions where a TDS is required to be delivered. Second: The second disclosure requirement is for delivery of a final inspection report for construction or rebuilding which demonstrates compliance with building codes (under item #5). The seller will indicate whether they actually obtained such a report at the bottom of the HHDA form. The obligation to provide this report arises if 1) The seller in fact had obtained such a report upon completion or rebuilding of the home 2) The property is located in a Very High Fire Hazard Severity Zone and 3) A TDS is required to be delivered. Obviously, regardless of these technical requirements, if the seller does in fact have such a report in their possession, basic risk management and disclosure rules mean that the seller will always deliver it in every case. For details on these disclosures please see our Q&A "Home Hardening Fire Disclosure" at https://www.car.org/riskmanagement/qa/disclosure-folder/Home-Hardening Third: The FHDS now contains a third disclosure requirement pertaining to defensible space (under item #4). The FHDS will be needed for any transaction that requires a TDS and is in a High or Very High Fire Hazard Severity Zone where the property will close on or after July 1, 2021. Under the revised RPA, it is no longer necessary to include the FHDS as an addendum with the original offer or counter-offer. Instead, the FHDS may be delivered during the first seven days after the Agreement is entered into as a typical disclosure. However, the buyer would still be required to agree to its terms, failing which, the seller may cancel the agreement after delivering a Notice to Buyer to Perform. Notice that this disclosure is not dependent on when the property is built. Please see our Q&A "Defensible Space Law" at https://www.car.org/riskmanagement/qa/disclosure-folder/Defensible-Space-Law

<p>If the Agency Disclosure is provided, THEN C.A.R. recommends that this form be provided</p>	<input type="checkbox"/>	<p>CCPA</p>	<p>California Consumer Privacy Act Advisory</p>	<ul style="list-style-type: none"> This form is bundled with the Agency Disclosure. The California Consumer Privacy Act (“CCPA”), which went into effect on January 1, 2020, imposes certain obligations on “3rd party” companies to provide a consumer with explicit notice of their right to “opt-out” of the sale of their data that was received from the CCPA covered business before that data is sold or shared again by the 3rd party company. Most MLSs would qualify as 3rd parties. Accordingly, the MLS Model Rules now require that all MLS participants or subscribers comply with the 3rd party CCPA notice requirements. Use of this form will satisfy the MLS rule.
